

Planning for SAFETEA-LU Workshop

CalACT

November 28 - Los Angeles

November 30 - Monterey

Presented by: Dave Cyra of Cyra, ETTC

SAFETEA-LU brings to the transit industry additional funding for transit services in the local communities. The money comes from three federal programs namely: 5310, Elderly Individuals and Individuals With Disabilities Program; 5316, Job Access and Reverse Commute Program (JARC); and 5317, New Freedom Program (new public transportation services and/or alternatives beyond those required by the ADA). At this time, in order to receive this money, local communities must have developed a coordinated public human services transportation plan. This plan proposes to include the following elements: Assessment of available services; assessment of transportation needs; strategies and/or activities to address the identified gaps and/or inefficiencies in service; and, relative priorities for service implementation. These plans may be developed on a local, regional, or statewide level.

This workshop is designed to create a better understanding of the planning requirements in SAFETEA-LU legislation through a "HOW TO" format as the facilitators work with the participants in the following activities: Defining some of the key terms found in the legislation like mobility management, recipient, sub-recipient, coordinated planning, origin-to-destination, competitive selection process, role of planning agencies, management plans, customer satisfaction, etc.; showing examples of coordination projects from around the country; identifying local stakeholders; building supportive networks; resolving organizational roles, planning change in the transport systems; and discussing vital communication

FEE: This workshop is **free** to all participants! Travel to and from the workshop may qualify for the RTAP Scholarship assistance. Please call 800-927-RTAP for information. Lunch will be provided.

CLASS SCHEDULE: Registration begins at 8:00 AM, the Workshop begins at 8:30 AM and ends at 3:30 PM.

LOCATION OF WORKSHOP: This workshop will be held at Access Services in Los Angeles and at the Hyatt Monterey in Monterey. Directions will be included with confirmations

LODGING: Lodging suggestions will be included with confirmations.
